

NIGHT OF DESTRUCTION 2025

TYPES OF VEHICLES:

- **Enduro and Trailer Race:** Any TRUCK, CAR, SUV, or VAN (**NO** all-wheel drives in Enduro Class) (**No** 1 tons, nothing bigger than a ¾ ton unless I approve it) IF you have a ¾ ton dually, the inside tire must be off or flat. **NO Derby cars are allowed. small and BIG** vehicles will run separate enduro heats **BUT** will run the feature together.
- **Figure 8:** MIDSIZE CARS, MINI VANS, and S-10 size or similar trucks. **NO FULL-SIZE TRUCKS, FULL-SIZE CARS, DERBY CARS IN FIGURE 8. No all-wheel drive.**
- **Trailer Race:** 4-wheel drive and 2-wheel drive will be in the same class **NO DERBY VEHICLES** allowed.

REGISTRATION AND INSPECTION

- Anyone under the age of 18 needs a parent release and notary stamp. **Need to have notary filled out before the show.** EVERYONE MUST HAVE A FORM OF ID. Check our website for pre-registration papers if you're under 18 or stop in at West End Salvage to pick up a copy.

DRIVER ENTRY FEES

- \$60 for one derby vehicle and driver pit pass CASH ONLY
- \$100 for two derby vehicles and driver pit pass CASH ONLY

PIT PASS

- \$20 CASH ONLY
- **No one under 18 is allowed in the pits unless you're a driver. NO CHILDREN IN PITS!**

SAFETY/PPE: You must wear a helmet, jeans, and a long-sleeved shirt. **Seat belt MUST work. Window net required.** (Round stock welded to door, seat belts, racecar nets, etc.)

Optional- Five-point safety harness and roll bar loop.

GLASS/TRASH: Windows, headlights, mirrors, and taillights must be removed. Absolutely no glass or trash in any vehicle or trailer! **Clean your fricken vehicles out!!!** (The only glass exception is windshields, they can stay in your vehicle) If you bring a camper, clean out all trash and glass. You will not be allowed to participate or be disqualified if we find any after the race.

WINDSHIELD: Can be removed, if removed you must have a working face shield on a helmet! Must have 2-3 chains or wires, running from roof to firewall for safety if windshield is removed.

CAR NUMBER: Cars can be decorated in any manner within the limits of good taste. No obscenity. Use a number of your choice. Car number must be on the driver door, passenger door, and a **MANDATORY 12"X12" minimum roof flap.** Make sure **the number is a contrasting color to the door. (EX: Black door, white number!)**

HOODS: Must be fastened with 2 chains, 2 wires, or 2 threaded rods. We do not want your hood to come open during the event. Cut at least one hole in the hood for fire extinguishing.

GAS TANKS AND BATTERIES: Both can stay in their factory positions. If you choose to move your tank or batteries. You need to have them safely secured and covered.

DOORS: MAX: 3 chains, doubled up #9 wire per door or 3 plates 2"x6" max. **MINIMUM** is 1 chain, loop of #9 wire OR plate 2"x6" **IF ANY DOOR COMES OPEN YOU WILL BE DISQUALIFIED FOR SAFETY REASONS.** Driver door may be welded all the way around.

I suggest that you reinforce your driver's door for your safety (driver's door only)

BUMPERS: They need to be chained or wired on with chains or #9 wire. We do not want your bumpers to be on the track! No aftermarket bumpers unless approved by Joe. Do not show up with a homemade contraption and expect to run.

SAFETY BARS: THIS IS OPTIONAL! If the dash is removed, **1st** bar may be mounted horizontally above the steering column. At least 1 chain has to go around the steering column for safety or 2 can go around the bar and then be attached to the body/frame for safety.

* **2nd bar** may be mounted horizontally from post to post up to behind the driver's seat. **This bar can be mounted 12 inches behind the factory seat setting or MAX 12 inches behind the driver's doorpost.** Must be mounted 3" up or down from the center of the seat. Bar used square or round 3" to 6" in diameter. Plates used up to 8"x8" may be used to mount the seat bar on the inside post or the outside of the doors. Mandatory: The pipe used behind the seat must have at least 1 safety chain or 2 chains max around it and secured through the floor for safety. The chain can go around the frame.

* **3rd and 4th Bars.** Door bars can be connected from the dash bar to the seat bar. May be bolted or welded. No bars smaller than 3" in diameter or larger than 4" or less than 1/4" in thickness or channel 3" in width or larger than 4". **Door bars cannot extend past the bars they connect with. You will torch or load it up.** Rollover bars can be welded to rear seat bar and fastened with 3" bolts max in roof. Max 3" pipe or channel.

TRAILER RACE VEHICLES: NO brush guards allowed. You can use 1 tire, **22.5 semi tire or smaller for a push bumper. Fasten it with a chain or cable to the front radiator support area. NO FLOATERS NO SUPER SINGLES!**

TYPES OF TRAILERS for Trailer Race Vehicles: Boat, snowmobile, camper, etc. NO implement or wagons! Trailers must have something on or in them (recliners, couch, boat, etc.) Clean out all TRASH in campers, please! **Trailers deemed unsafe or not realistic will not be allowed to run. Refs discretion. I recommend you call before bringing something ridiculous. We will strictly enforce trailers and it's cargo.**

ATTACHMENT OF TRAILERS: Standard coupling (ball and hitch). Pin hitch allowed 3/4" pin max. **NO welding your pin on.** Normal safety chains and one log chain (log chain—one loop around bumper and one loop around tongue of trailer). Official decisions will be final upon inspection. **YOU ARE NOT ALLOWED TO HAVE ANY MODIFICATIONS TO THE TRAILER HITCH OR TRUCK RECEIVER OR BUMPER. IT SHOULD LOOK JUST LIKE A FACTORY HITCH! NO MOVING PARTS, EXTRAS, ETC.**

ANY QUESTIONS CONTACT: TEXT OR CALL Joe at 608-732-2269 or my office at 608-723-4523 Leave a message with a clearly stated name, number, and question. THANKS!
